Newcomer Program: *Newcomer programs are separate, relatively self-contained educational interventions designed to meet the academic and transitional needs of newly arrived immigrants; typically, students attend these programs before they enter more traditional programs (e.g., English Language Development programs or mainstream classrooms with supplemental ESL instruction).*

Sheltered Instruction: *An instructional approach used to make academic instruction in English understandable to ELs. In the sheltered classroom, teachers use physical activities, visual aids, and the environment to teach vocabulary for concept development in mathematics, science, social studies, and other subjects.*

English as a Second Language (ESL): *A program of techniques, methodology, and special curriculum designed to teach ELs English language skills, which may include listening, speaking, reading, writing, study skills, content vocabulary, and cultural orientation. Further, ESL instruction is usually in English with little use of native language.*

Dual Language Program: *Also known as two-way, or developmental, the goal of these bilingual programs is for students to develop language proficiency in two languages by receiving instruction in English and another language in a classroom that is usually comprised of half native English speakers and half native speakers of the other language.*

Other Bilingual Program: *Bilingual education...refers to approaches in the classroom that use the native language of English Learners (ELs) for instruction.*
